Subject: Public events - April 2017

MT Superfund Team,

Please review the table below for any anticipated public events you may have for April – May 2017.

I use this information to populate the EPA national tracking system for all public-facing events for Montana Superfund sites. This includes public presentations by EPA staff, public meetings, and events that you may attend that will/may have news media, congressional reps, or the general public present.

Let me know if you have additions or revisions to this list (or questions to why we are asked to do this) as soon as possible. Thanks!

Site	Date	Type	Topic Description
ACM	4/5	Public Meeting	EPA will meet with the Black Eagle community group (TAG recipient) during their regular monthly public meeting to provide updates about the Site and answer questions.
SBCBA	4/10	Briefing	EPA will provide an update about the Site during the monthly briefing with Senator Tester's office. Agenda items include interim hazing measures for migratory birds and introduction of new project manager for MT Pole Site.
Anaconda	4/10	Briefing	EPA will provide an update about the Site during the monthly briefing with Senator Daines' Office. Agenda items include 5YR, upcoming public announcements and residential cleanup work, and proposed plan.
Smurfit	4/12	Public Meeting	EPA will attend a public meeting of a community group interested in forming a CAG for the Site. This will be the third CAG informational meeting for this Site.
	4/11	Teleconference	EPA will provide a Site update to local, state, and federal public agency partners and trustees. This call is open to the public.
CFAC	4/17	Public Meeting	EPA will speak at the Columbia Falls City Council meeting for an update about the site, RI results, and draft CIP.
	4/19	Public meeting	EPA staff will speak at a CFAC Community Liaison Panel meeting following the release of initial data from RI and draft CIP.
